The new Audi
SQ6
e-tron

Just some curves. Except with quattro.

The SQ6 e-trons exterior combines athletic elegance with cutting-edge design. Sharp lines interact with a sleek silhouette ensuring a confident appearance. The regional upgrade which includes the black package plus, 20" sports wheels, and bold red brake calipers highlight the Audi SQ6 e-trons dynamic design.

Sprint or marathon? Both.

Get used to arriving early. The SQ6 e-trons' efficient new charge system allows 10% - 80% charge in 21 minutes. Also boasting a benchmark max distance of 598km or up to 250 km of charge in just 10 minutes, the S6 e-tron excels in short charging stops while ensuring uninterrupted and efficient every day driving.

Full of wonderful details

Experience the new, digital interior with augmented reality heads up display, multifunction steering wheel and MMI panoramic display, all cocooned in the “Softwrap” design which extends from the door to the center console.

This homogenous design incorporates the traditional S model features in the sport seats, red start-stop button and carbon inlays while upgrading the driving experience with seat ventilation and Bang & Olufsen headrest speakers.

Full of gripping moments.

Featuring a first of its kind in the brand active digital light signature and Matrix headlights that offer cutting-edge dynamic lighting. With quattro all-wheel drive that enhances grip and stability on various terrains. The SQ6 e-tron delivers a driving experience that is both secure and exhilarating.
