R8

Performance is an attitude

The new Audi R8 V10 Performance is a pure athlete whose character has been built around the unbridled power of its blaring, naturally aspirated engine. The unmistakable sound points to Audi's famous racing heritage: a heritage you can't help but feel when its 449 kW catapult you from 0 to 100 km/h in a mere 3.2 seconds.

The Audi R8 V10 Performance's meticulous engineering gives you precision steering in any situation. The narrow, sporty gears of its 7-speed S tronic transmission and its optimised quattro drive provide a flawless distribution of power, giving you the advantage when it comes to traction, dynamics and driving safety.

R8

Unrivalled control

The driver-focused Audi virtual cockpit

From the moment you take a seat behind the wheel of the new Audi R8 V10 Performance, you can't help but be struck by its strong racing pedigree.

Every element has been designed to give you complete control, without having to take your eyes off the road, or your hands off the wheel. Its R8-specific sport seats, covered in Fine Nappa Leather, can be easily adjusted and will remember your preferred settings. The black styling package lends the R8 a sleek, aggressive feel – as though it's ready to pounce at your command.

R8

Designed to get noticed

Deep horizontal lines give the Audi R8 V10 Performance a wide, low-slung look and a predatorial air.

Flat slits along the radiator grille and powerfully accentuated wheel arches capture its racing genes. The sport exhaust system and black styling details add the finishing touches to this statement car.

The Audi R8 V10 Performance is a born leader, perfectly suited to anyone who likes to make an entrance – before cruising off into the distance.
