License Disk Renewal

Trafico will provide you with an annual licence renewal service delivering your new vehicle licence disk to your door at absolutely no additional cost to you. All service and delivery fees are covered by your Audi Financial Services All Road Bundle membership. A simple benefit yet one that will remove the annual slog of spending long periods of time in queues whilst processing your licence renewal.

How it works:

- You will receive a notification via e-mail or via WhatsApp 10 months after the purchase of the vehicle to remind you that your vehicle license disc is up for renewal, and annually after that.
- info@trafico.za will send you an email upon taking out the membership, containing your unique URL. It is important that you follow the provided URL and register on the Trafico portal in order to receive your annual reminders and renew your license disc. You will be required to capture vehicle details and upload documents.
- When renewing your license disc, a quotation will be generated with the information provided and will include all department, and penalty fees applicable; however, the actual license renewal service is free of charge.
- Before proceeding to payment, you will be required to provide certain documents for compliance. These documents include the ID, proof of address and an electronic signature for the mandate.
- Upon completion, you can proceed to make payment via the secure Pay gate payment platform and choose a delivery point for the courier.
- Receipt of payment notifies the Trafico team to commence with the renewal of the license disc.

Commuta Care

South Africans spend a large portion of their time on our roads and accidents are a sad reality. To this end the Road Accident Fund (RAF) was created to support those injured or killed due to road accidents. Sadly accessing benefits from the Road Accident Fund is not straightforward and requires the assistance of attorneys and medical specialists. As a result most claimants of the Road Accident fund never see the full benefit of their claim.

Through Commuta Cares' network of service providers we ensure that victims of motor vehicle accidents have immediate and speedy access to an effective Road Accident Fund claims management system.

Your membership benefits

- We will ensure that 100% of the claim that the RAF awards, goes to you
- Administration and claims management
- Legal representation
- Required medical and legal reports
- Required loss of support reports
- Required actuarial reports for loss of earnings

What can you claim for from the RAF?

- All past hospital and medical expenses
- Future medical expenses
- All past and future loss of earnings due to disability
- All existing and future loss of support for the dependant of a deceased victim
- General damages for pain, suffering, loss of amenities and quality of life
- Funeral expenses

Who can claim from the RAF?

- A person who was personally injured in a road accident (except the driver who was the sole cause of the accident).
- The dependent of a person who died in a road accident.
- A close relative of the deceased can claim for funeral expenses.

Who is covered under your All Road Bundle Membership

- You, as the main member, or
- your spouse or partner (under the Marriage Act, 68 of 1961; the Recognition of Customary Marriages Act, 68 of 1997; the Civil Union Act, 17 of 2006; or the tenets of any Asiatic religion).
- Any child under the age of 21 who is dependent on you (including adopted, foster and step-children, as well as children who are totally physically and/or mentally handicapped and reliant permanently on your support) or 25 years if they are full-time students and not married.

The Road Accident Fund (RAF)

Is a government entity funded through the national fuel levy providing a benefit to those injured or killed as a result of a road accident within South Africa due to third party negligence. The RAF is a South African initiative and therefore only covers you if the incident takes place on a South African road. To claim from the RAF you will need to prove the seriousness of your injury and that another party was at fault. The claims process is complicated and can take a long time and cost a great deal of money.

What costs are covered by my membership?

All the costs involved in submitting a claim to the RAF.

How do I claim?

If you have been injured in a road accident and want to register a claim with the Road Accident Fund:

- **Contact us on 0860 266 688 during office hours (08:30 - 16:30).**
- Provide your ID or All Road membership number to verify your membership.
- Our claims team will get in touch and guide you from there.

Please note, your All Road Bundle membership must be active for the duration of the Commuta Care claim process.

Fines Assist Benefit

Trafico.™

Fines Assist, powered by Trafico, has integrated with the largest issuing authorities, allowing us to provide you with a comprehensive listing of your fines. We also offer a single electronic platform for paying those fines. As an All Road member, your Fines Assist benefit can save you up to 50% on fines.

How it works:

- You will receive your first Fines Assist communication (email) containing a summary of your fines and a link to your portal, for which you will need to create your own password to access. This portal is where you will be able to view your and pay for your fines, as well as renew your license disc.
- Upon payment, your signature and copy of ID will be required for validation.
- We settle the relevant fines in the area concerned on your behalf, and will update your portal to indicate the settlement and outcome.

Traffic fines are a common occurrence on our roads. Neglecting these fines can quickly result in penalties, disruptions in annual vehicle license renewals, and, in extreme cases, legal repercussions. Adding to the challenge is the absence of a centralised government platform for individuals to conveniently access and settle their national fine history, presenting a significant hurdle for most.

Fines Assist Benefit

Traffic Fine Exposure

Your traffic fines, currently outstanding within South Africa's boundaries, will be displayed. This includes major areas and can be refined to rural areas upon request.

Discounts

A 25% discount on the original fine amount will be granted when possible and up to 50% for fines issued under AARTO. This will be reflected in your quotation.

Exclusions

No discounts apply to NAG (No Admission of Guilt), summons, warrant, enforcement orders, or fines with a value of R250.00 or less.

Quotation Validity

Quotations are valid for 48 hours due to escalating fine nature.

Mediation Process

Traffic fines may be mediated for a lesser amount, and invalid fines will be rescinded where possible. The completion timeline depends on local authorities, RTIA on behalf of AARTO, and courts.

Processing Duration

Reducing fines can take between 5 to 90 days.

Certain Fine Types

Some fines may not be mediated upon payment of invoices, based on the fine's nature and the issuing district. Trafico will monitor such fines until mediation or rescission is possible for finalisation.

Commuta Care Benefit

- The Commuta Care benefit is not an insurance product.
- The Commuta Care benefit is a service provided to help you claim from the Road Accident Fund.
- The Commuta Care benefit covers:
 - You, as the main member, or
 - your spouse or partner (under the Marriage Act, 68 of 1961; the Recognition of Customary Marriages Act, 68 of 1997; the Civil Union Act, 17 of 2006; or the tenets of any Asiatic religion).
 - Any child under the age of 21 who is dependent on you (including adopted, foster and step-children, as well as children who are totally physically and/or mentally handicapped and reliant permanently on your support) or 25 years if they are full-time students and not married.
 - This service is only available if the motor accident happened within the Republic of South Africa.
 - A claim against the Road Accident Fund must be lodged within three years of the incident, except for hit-and-run events, which must be lodged within two years.
 - You must provide complete, accurate and true information at all times to us. Any incorrect information can jeopardise your claim with the Road Accident Fund.
 - We will assess the conditions of the claim and whether a claim exists against the Road Accident Fund.
 - You are free to get independent second opinions on the merits of the claim against the RAF, but we will not be responsible for any costs incurred.
 - We will not cover any costs incurred by you being approached by an outside party.
 - You do not have to use our services, but we will not be liable for any costs incurred by outside parties who help you.
 - At the time of the incident, you must comply with all the legal and regulatory requirements of the Road Accident Fund.
 - We do not guarantee a pay-out from the Road Accident Fund, but we will make all reasonable and necessary efforts to reach a settlement.
 - The members contributions must be fully paid at the time of the accident.

License Disk Renewal Benefit

- By utilising the License Disk Renewal Benefit, you are granting Maxlaw Corporate Services (Trafico) the authority to renew your license disk on your behalf. This renewal process is conducted based on the mandate you provided during the sign-up process on our portal.
- Service fees associated with the License Disk Renewal Benefit are covered within your All Road membership. It's important to note that this benefit applies solely to vehicles included in your membership. For vehicles not covered by the All Road membership, a service fee will be payable for license renewals.
- The fees quoted by the relevant department depend on the province responsible for license renewal, the expiration date recorded on the Trafico platform, and the weight (TARE) of your vehicle. Providing inaccurate information to Trafico may result in an incorrect fee charged.
- Quotations provided by Trafico will include penalty fees incurred due to late renewal of vehicle licenses for the added vehicles. Both department fees and penalties are contingent on the date of payment.
- You are responsible for any additional costs arising from delays in submitting supporting documents to Trafico. The processing of transactions is subject to payments being made.
- In cases where department fees from the local authority do not align with the initial amount paid, or if incorrect information is provided, a reconciliation invoice will be issued and is payable by you.
- If there is a balance owed to you, an account confirmation letter from your bank will be required to process the rebate.
- Certain external factors may lead to a MVLX (unprinted disc) result from the local authority, potentially incurring additional charges. These factors include, but are not limited to, unlicensed vehicles, outstanding fines, the need for a Roadworthy certificate, and/or administrative marks. Such situations will prompt a new quote for payment.
- Your license disk will be sent via courier to the address you specified. It is your responsibility to inform Trafico promptly if you do not receive the disk via the courier. Members should report non-delivery within 7 days of receiving a notification from the courier partner.
