

**When innovation and
precision go hand in
hand.**

The Audi A6

Progress that truly moves you.

When form and function become one statement. Then the
business class has a new leader: the A6. More athletic than ever.
As confident as always.

A clear statement. From every perspective.

The sharper shoulder line with the strong curves above the wheel arches. In sporty fashion, the exterior mirrors sit atop the door rails.

Room for more.

The greater interior length means more legroom especially for passengers in the back. In addition, head and shoulder room have been improved in the front and back.
