e-tron GT quattro

Inside a statement of progress

The combination of high-quality materials and everyday usability create a supremely sophisticated interior.

Stunning by design

The Audi e-tron GT quattro is a rigorous embodiment of electric mobility and Audi progress.

Output

530 hp

with boost engaged

0-100 km / h

4.1 secs

Charging System

800 volt

e-tron GT quattro

Progressive stance

The proportions of a gran turismo – flat and wide with a long wheelbase – invite the driver to enjoy sportiness on a daily basis. Every edge conveys power and performance.

Space for new ideas

The Audi e-tron GT quattro hosts comfort in its core. The front sport seats plus have integrated head restraints and seat side bolsters for cushioned lateral support when cornering at speed.

Battery from 5% to 80%
charged in less than

22.5 min

Range (WLTP)

488 km

Energy for 100 km charged in

5 min approx.

A new kind of energy

High performance is driven by the 800-volt lithium-ion battery integrated into the flat underbody. In combination with the recuperation system, the battery's impressive charging power provides a range of up to 488 km according to the WLTP measurement procedure.
