

A promotional photograph of two Audi A5 cars. The car on the left is dark grey, and the car on the right is a vibrant blue. They are parked in a futuristic, dark environment with walls and floors made of a grid of small, glowing square lights. The cars are angled towards the viewer. The license plates are 'IN A 5100' and 'IN A 5503'.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.  
 Some of the equipment illustrated or described is optional equipment for which an extra charge is made.  
 Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

# The Audi A5 Coupé.

Points the way forward. Even when stationary. The Audi A5 Coupé unites sportiness and elegance. And is setting new standards out on the road with its progressiveness, aesthetics and athleticism. From the front end, with optional Matrix LED headlights, through to the sharper shoulder line, the powerful wheel arches and the elegant third brake light, the car's look encapsulates performance. With every single line.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## Impressive performance. Impressive fuel economy too.

Perceptibly powerful, incredibly efficient: the TFSI and TDI engines in the Audi A5 Coupé. Experience unique performance and lower emissions. And with the optional quattro all-wheel drive, power is delivered even more effectively to the road. For more dynamism, more traction, more agility and fewer compromises.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## Lights up the darkness. And the road.

Making progress visible: the optional Matrix LED headlights with high-precision, individually controllable light-emitting diodes that adapt to the road and traffic situations. A range of lighting functions – from dipped and high beam, to the cornering light, motorway light and all-weather light – provide assistance in every situation. The light signature of the LED daytime running lights gives the car an unmistakable daytime presence. As do the optional dynamic indicators in the LED rear lights. An innovation whose aesthetic appeal is equally trailblazing.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## Where innovations take shape: the interior.

Turn your vision of the future into reality in the interior of the Audi A5. With the optional Audi virtual cockpit, 3-spoke leather steering wheel with multifunction plus and attractive inlays. High-quality materials and a first-class finish are included. And a new horizontal design architecture with continuous air vent strip creates a sense of space and width. The result is a unique look that is bound to turn heads.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

Keep a clear overview. With just one glance. Whether it be navigation, infotainment or Audi connect services<sup>1</sup> – the optional Audi virtual cockpit displays a host of driver-relevant information in superb detail in a choice of two different views. With large or small dials. All conveniently controlled from the steering wheel at the press of a button. The optional Audi smartphone interface<sup>2,3,4</sup> allows you to integrate data from your own smartphone into the vehicle. And thanks to Audi connect, you have the option of exploring the world even before you set off.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards. # The Audi A5 Sportback.

With its powerful engines, new suspension and innovative assist systems, the Audi A5 Sportback is writing a whole new chapter. And visually too. The more sharply defined design, with sporty, athletic front end and broad, flat Singleframe together with the visual power feature on the bonnet make progress visible. Yet again.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## Exceptionally progressive. Impresses all along the line.

quattro all-wheel drive, more dynamic, precise suspension with optional damper control, dynamic steering on request and Audi drive select as standard – the state-of-the-art technologies in the Audi A5 Sportback are pretty impressive. The same goes for its self-assured elegant look. Accentuated by coupé-style frameless doors, sporty chrome trim around the windows and three-dimensionally sculpted rear section with elongated luggage compartment lid.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

# Impressively sporty. With driver assistance.

The boldly sculpted rear with subtle spoiler edge and diffuser ensure a sporty presence. And the numerous driver assist<sup>1</sup> systems help you reach your destination safely, comfortably and efficiently. If you wish, your vehicle can be equipped with predictive efficiency assist, adaptive cruise control including Stop&Go function, traffic jam assist, park assist and camera-based recognition of traffic signs. The latest technologies are there to assist you in many different situations. So that you can concentrate on what's important: driving pleasure.

<sup>1</sup>Please note: The systems work only within system limits and assist the driver. However, the driver remains responsible for driving the vehicle and is required to be attentive at all times.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.  
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.  
Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## For all those who don't want to wait for the future: press the start button now.

It takes just one small action to unleash tremendous power. Whether equipped with a TFSI or TDI engine, the Audi A5 Cabriolet delivers impressive levels of efficiency and sporty dynamics. At the touch of a button, the hood can be conveniently opened and closed while driving at speeds up to 50 km/h. quattro all-wheel drive ensures more traction and dynamic performance. And the flat rear-end design with third brake light integrated into the trim strip of the hood compartment lid ensures that the Audi A5 Cabriolet maintains its illuminating presence when braking too.

**New ideas often meet with resistance.  
But here, it's the opposite.**

Some innovations sound like a good idea right from the word go. Take the seat belt microphones, for example. They ensure good voice quality when making telephone calls. Even when the hood is open. And as soon as you get in, you'll be impressed by the new interior architecture. Finished to a superb quality, it's also exceptionally spacious. Giving you plenty of space for your own ideas.

## What drives us forward: innovation.

Sounding good: the standard acoustic hood doesn't just accentuate the classic convertible character of the Audi A5, it also provides effective insulation from exterior noise. Ensuring that the interior remains a haven of peace and quiet, even at high speeds. Thanks to the standard convenience opening feature, the hood can be opened or closed with just one press of a button. Operation is fully automatic up to a vehicle speed of 50 km/h. All you have to do is enjoy the feel of the wind in your hair.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 65 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

## More versatile.

A quick look at your options.

The Audi A5 – an exceptional car whose diverse range of superior-quality equipment will impress you. As will many other highlights – let yourself be inspired.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found from page 64 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

# Especially for you.

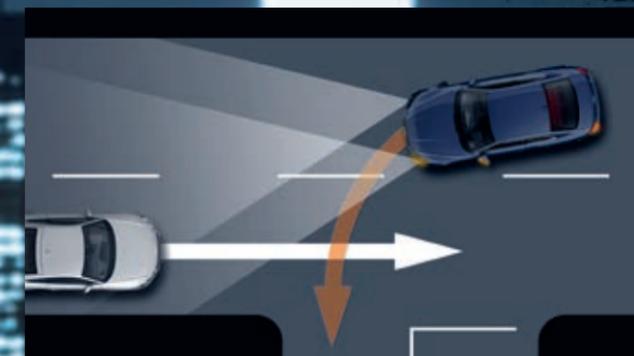

## Fascinating highlights.

A range of optional assist systems and comfort and convenience features make every journey with your Audi A5 a very special experience. Prepare to be inspired!

**adaptive cruise control<sup>1</sup>** – automatically brakes and accelerates to keep the set distance from vehicles in front largely constant

**Audi pre sense city<sup>1</sup>** – can help to prevent imminent collisions with vehicles and pedestrians at vehicle speeds of up to approximately 85 km/h by giving warning signals and applying the brakes

**Turn assist, left<sup>1</sup>** – detects oncoming traffic in the opposing lane when the vehicle is turning left and applies the brakes in situations it deems critical

**Cross traffic assist rear<sup>1</sup>** – shows approaching vehicles in the MMI display when reversing out of bay parking spaces and can help to avoid critical situations by issuing a warning tone and briefly tapping the brakes

**Exit warning<sup>1</sup>** – detects vehicles and cyclists approaching from the rear and in critical situations warns occupants before they open the doors

**Audi smartphone interface<sup>1, 2, 3</sup>** – connects your smartphone to your Audi and transfers your smartphone content to the MMI display directly and seamlessly via USB

**Deluxe automatic air conditioning** ensures high air quality and features a new user interface

**A5 Sportback** – electric luggage compartment lid as standard, optionally with sensor control in conjunction with the convenience key; spacious luggage compartment with a capacity<sup>4</sup> of up to 480 l.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment. <sup>1</sup> Please contact your Audi partner for information on compatible mobile phones.

## Powerful acoustics.

The Audi acoustic hood perceptibly reduces noise in the interior. This is assured by the polyurethane foam insulation which significantly enhances interior noise comfort. Choose from a variety of hood colours to further accentuate the elegant sportiness of your Audi A5 Cabriolet. With the convenience opening feature, the hood can be opened and closed with ease. In a matter of seconds. And at vehicle speeds of up to 50 km/h.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment. <sup>1</sup>The availability of services may vary depending on the model and equipment of your Audi. Audi connect is required for using some services.

Further information about myAudi is available at [www.audi.com/myaudi](http://www.audi.com/myaudi); for information on Audi connect visit [www.audi.com/connect](http://www.audi.com/connect). <sup>2</sup>Google and the Google logo are registered trademarks of Google Inc.

myAudi app<sup>1</sup>

Access vehicle and service information about your Audi at any time, plan journeys and send destinations and routes straight to the vehicle – all with a single app. You can download the myAudi app free of charge from the App Store or the Google Play Store™<sup>2</sup>. The app is available for iOS and Android.

#### Legal notice about Audi connect navigation & infotainment with customer's own SIM card

Use of the services supported by Audi connect is possible only in conjunction with an optional navigation system and Audi connect (including car phone – depending on the vehicle model). In addition, depending on the vehicle model, you will also require a SIM card with data option and also with LTE option to use LTE<sup>1</sup> – with car phone, a SIM card with telephone and data option or a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)<sup>2</sup>. The services are available only in conjunction with an existing or separate mobile phone contract and only within the range of the respective mobile phone network. Depending on the terms of your mobile phone contract, additional costs may be incurred when receiving data packets from the internet – particularly when used abroad. Because of the high data volumes involved, a data flat rate is strongly recommended.

The availability of the services supported by Audi connect navigation & infotainment varies from country to country. The services are generally provided for at least 1 year from vehicle delivery. If Audi connect services are based on services from third-party providers, permanent availability cannot be guaranteed as this is the responsibility of the third-party provider. Following a period of 24 months from vehicle delivery, the Audi connect services will be extended once free of charge for 12 months. If you do not require this extension, please write to:

AUDI AG  
Audi International Customer Care Services  
85045 Ingolstadt, Germany  
Email: kundenbetreuung@audi.de  
Tel.: +49 800 28347378423

Ask your Audi partner about a subsequent extension of the Audi connect services. Depending on the vehicle model, Audi connect provides access to Google and Twitter services. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Please visit [www.audi.com/connect](http://www.audi.com/connect) or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

#### Legal notice about Audi connect navigation & infotainment via a SIM card permanently installed in the vehicle

Use of the services supported by Audi connect is possible only in conjunction with an optional navigation system. Audi connect services are provided through AUDI AG/importers. The data connection for the Audi connect services is set up through a mobile services provider via a SIM card permanently installed in the vehicle. The costs of these data connections are included in the price of

Audi connect services. The data connection for the Wi-Fi hotspot as well as online media streaming and other services offered via an Audi smartphone app are not included. The data connection for the Wi-Fi hotspot as well as online media streaming and other services offered via an Audi smartphone app is also established via the SIM card permanently installed in the vehicle and a payable data tariff from the Audi provider. You will find information about tariffs and booking at [www.audi.com/myaudi](http://www.audi.com/myaudi).

Alternatively, an external customer SIM card can be inserted into the card slot to establish a data connection. In conjunction with the optional Audi phone box, a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)<sup>2</sup> can also be connected to use the integrated car phone function. If an external SIM card is inserted into the card slot or connected via rSAP, all data connections, for both the Audi connect services as well as for the Wi-Fi hotspot, will be established via this external SIM card. In such cases, settlement of the costs incurred is exclusively via the external SIM card.

The availability of the services supported by Audi connect navigation & infotainment varies from country to country. The teaser phase is for 3 months from initial registration and automatically ends after these 3 months. Upon the purchase of an Audi connect navigation & infotainment licence, these 3 months shall not count towards the total duration of the Audi connect services. The services are generally provided for at least 1 year from vehicle delivery. If Audi connect services are based on services from third-party providers, permanent availability cannot be guaranteed as this is the responsibility of the third-party provider. Following a period of 24 months from vehicle delivery, the Audi connect services will be extended once free of charge for 12 months. If you do not require this extension, please write to:

AUDI AG  
Audi International Customer Care Services  
85045 Ingolstadt, Germany  
Email: kundenbetreuung@audi.de  
Tel.: +49 800 28347378423

Ask your Audi partner about a subsequent extension of the Audi connect services. Depending on the vehicle model, Audi connect provides access to Google and Twitter services. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Please visit [www.audi.com/connect](http://www.audi.com/connect) or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

#### Legal notice about Audi connect emergency call & service including remote services

These services are provided through a SIM card installed in the vehicle. The costs of calls and data connections are included in the price of the services. The services provided by Audi are available only within the coverage of the mobile phone network of the mobile phone provider chosen by Audi. The Audi connect services emergency call, online roadside assist, Audi incident assistance and Audi service request are available for 10 years after vehicle delivery in the following countries: Austria, Belgium, Bulgaria, Finland, France, Germany, Gibraltar, Greece, Hungary, Ireland, Italy, Liechtenstein, Lithuania, Luxembourg, Malta, Monaco, the Netherlands, Norway, Poland, Portugal, Romania, Spain, Sweden, Switzerland, the UK.

Ask your Audi partner about when the services will become available in additional European countries and about the availability of the optional equipment.

The Audi connect remote services can be used free of charge for 3 years after vehicle delivery and can then be extended at an extra charge.

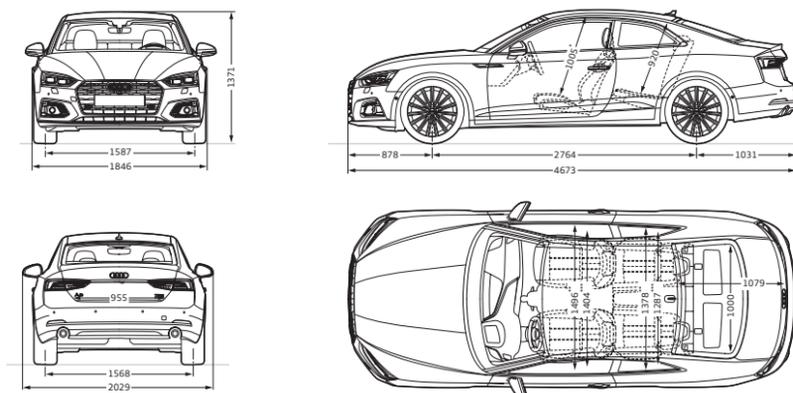

Further information: Disruption to the services may occur due to force majeure and official orders as well as technical or other measures carried out on the systems of AUDI AG, suppliers or network operators to ensure their proper function (e.g. maintenance, repairs, system-related software updates, extensions). AUDI AG will make every reasonable effort to end such disruption as quickly as possible or to work towards a resolution.

The vehicles and equipment versions illustrated and described in this brochure and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicles were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This brochure is printed on paper made from pulp bleached without the use of chlorine.
