The figures for fuel consumption and CO₂ emissions can be found on page 58.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

Think about your life.
Accelerated in a
new direction.

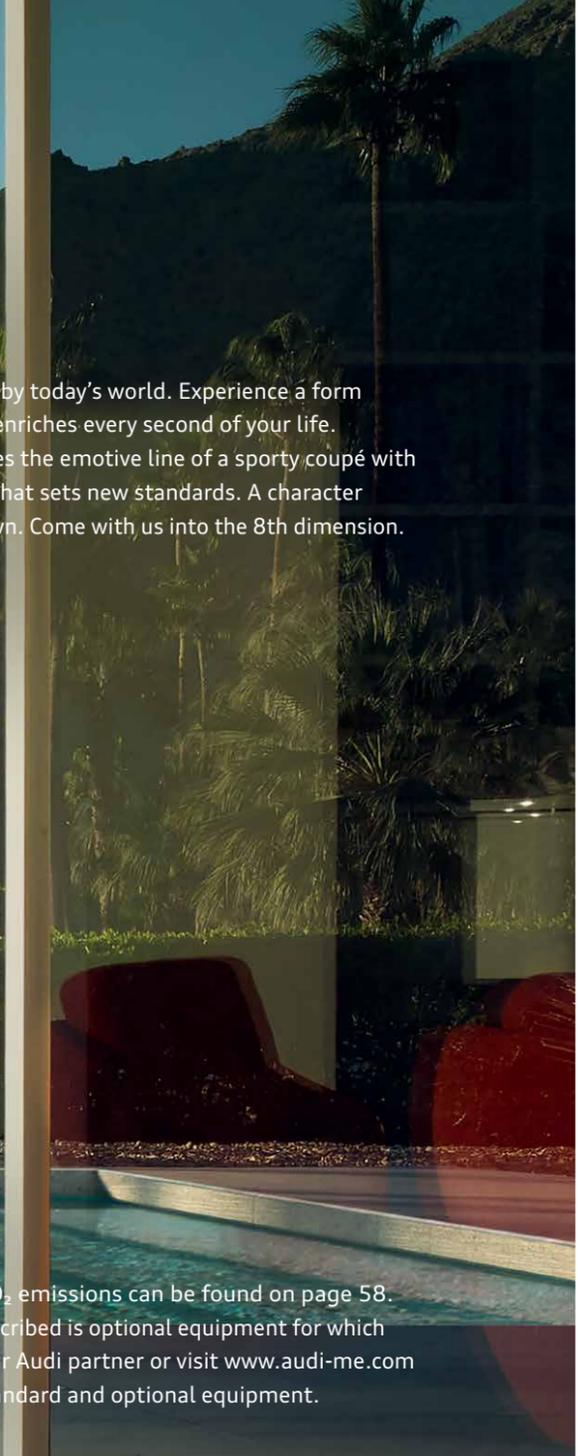

The figures for fuel consumption and CO₂ emissions can be found on page 58.
Some of the equipment illustrated or described is optional equipment for which
an extra charge is made. Please contact your Audi partner or visit www.audi-me.com
for detailed information about standard and optional equipment.

Think about mobility. Then multiply it by today's world. Experience a form that redefines the maximum. That enriches every second of your life. The first-ever Audi Q8 impressively combines the emotive line of a sporty coupé with the spaciousness of an SUV. A design that sets new standards. A character that puts self-confidence in a class of its own. Come with us into the 8th dimension.

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

**Marvel at a form.
Sharpened by character.**

It's the first impression that counts. That goes not just for what you can see, but also for the personality behind the form. The first-ever Audi Q8 embodies both: its exterior design combines an athletic roof line and a coupé-like silhouette to create a powerful character statement – making a lasting impression wherever it goes.

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

Savour the view.
Brought to life by a statement.

The figures for fuel consumption and CO₂ emissions can be found on page 58.

for detailed information about standard and optional equipment.

Discover a detail. Multiplied by greatness.

Conviction is not something you can hide. The dominant octagonal
Singleframe and the sporty feel of the D-pillar make the first-ever Audi Q8
what it is – an expressive character with true greatness.

Take a detour.
Combined with adventure.

The figures for fuel consumption and CO₂ emissions can be found on page 58.
Some of the equipment illustrated or described is optional equipment for which
an extra charge is made. Please contact your Audi partner or visit www.audi-me.com
for detailed information about standard and optional equipment.

**Set yourself a challenge.
Driven by passion.**

For a driving experience in a whole other dimension. The first-ever Audi Q8 combines luxurious comfort with superb handling stability. Thanks to the adaptive air suspension, it adjusts to your individual driving style and ensures superb cornering and a sporty, direct steering sensation on virtually any terrain.

The figures for fuel consumption and CO₂ emissions can be found on page 58.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

Driving around town usually means you have somewhere to be. The first-ever Audi Q8 helps you get there without you losing your cool. Its optional all-wheel steering and ideal power distribution to both axles provide the agility and manoeuvrability you need – even to negotiate the urban jungle. That way you can stay relaxed even on tight bends. For an extraordinary driving sensation. Intensified with Audi quattro.

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

**Think about mobility.
Designed for peace of mind.**

We move around more freely than ever before, and yet everything we need can travel with us. All thanks to new technologies that bring clarity to our daily lives. This includes the digital core, a new design approach that focuses on the essentials while opening up endless possibilities. In this way, the first-ever Audi Q8 combines a clear menu structure with the latest personalisation options.

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

**Feel clarity.
Coupled with personality.**

The figures for fuel consumption and CO₂ emissions can be found on page 58.

The image shows the front interior of a car. The driver's seat is in the foreground, featuring a dark, perforated leather-like material with a fine grid pattern. The passenger seat is visible behind it, also with a similar pattern. The center console has a gear shifter and handbrake. The dashboard and steering wheel are partially visible on the right side. The car is parked in front of a building with a decorative facade and a sign that reads "CLEARANCE 7' 5\"/>

**Enjoy relaxation.
Refined with exclusivity.**

Whether it's by getting your day off to a good start or having a relaxed journey home – we all need ways to offset the rigours of everyday life. And it shouldn't be any different when you're setting off on holiday. With the massage and seat ventilation functions of the front customised contour seats in Valcona leather, time takes on a whole new dimension.

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi-me.com for detailed information about standard and optional equipment.

Create a familiar place. Framed by openness.

A quick look at your options. The first-ever Audi Q8 – an exceptional vehicle whose diverse range of high-quality equipment will impress you. Innovation and comfort meet individuality and personality. Tailored to your wishes.

Panoramic glass sunroof – provides for a pleasant, well-lit interior and improved interior climate thanks to efficient ventilation. An integrated wind deflector reduces wind noise when the sunroof is open. And the electrically operated, virtually lightproof sunblind means you don't have to worry about strong sunlight.

*Some models may not be available in your region. Please contact your local Audi dealer for further information.

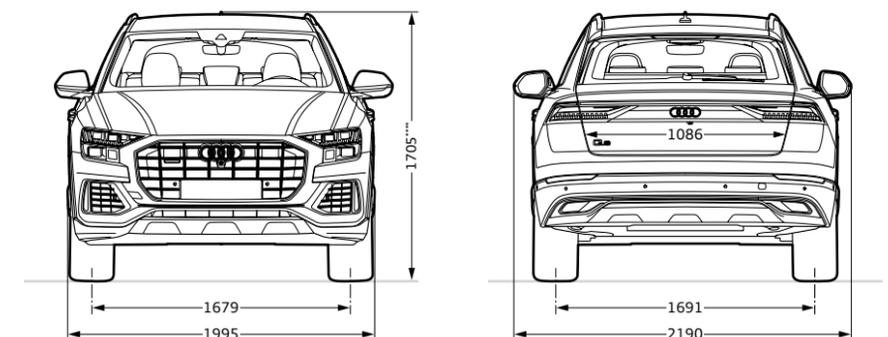

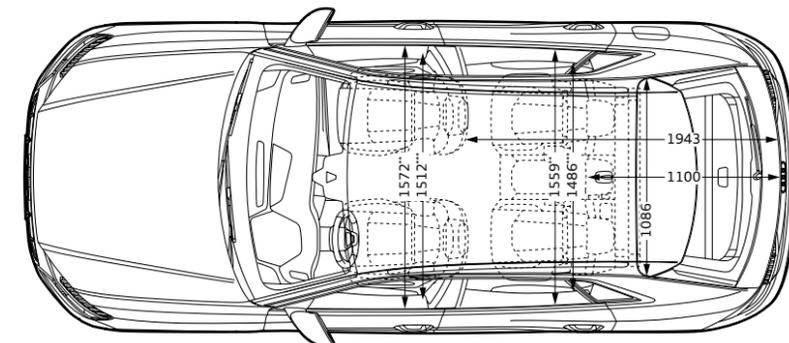

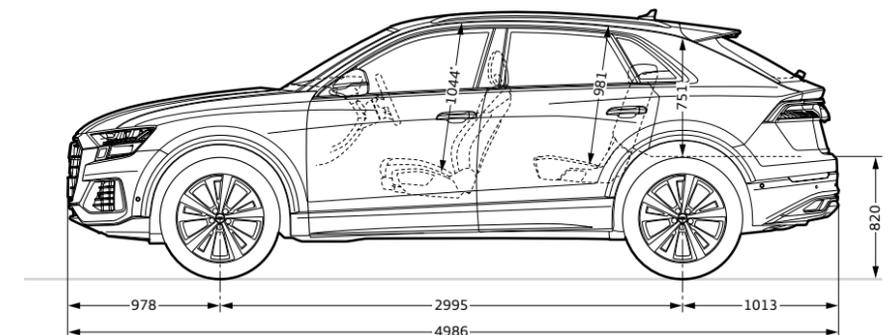

Explanatory notes

- ¹ The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
- ² Unladen vehicle weight includes driver (75 kg) and fuel tank 90% full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- ³ The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- ⁴ Registered trademark of the Verband der Automobilindustrie e. V. (VDA).
- ⁵ We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590.
- ⁶ The specified fuel consumption and emission data have been determined according to the measurement procedures prescribed by law. Since 1 September 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO₂ emissions. Starting on 1 September 2018, the New European Driving Cycle (NEDC) will be replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO₂ emissions measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC. For further information on the differences between the WLTP and NEDC, please visit our website. We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types. Additional equipment and accessories (e.g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO₂ emissions and the performance figures for the vehicle.

Audi Q8

Dimensions in mm

Dimensions are for unladen vehicle weight. Luggage capacity¹ 605/1,755 l (second value is with the rear seat backrest folded down and the vehicle loaded up to roof height). Turning circle approx. 13.3 m. *Maximum headroom. **Elbow room width. ***Shoulder room width. ****Vehicle height with roof aerial.

Classifications of tyre parameters

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi Q8.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	265/55 R 19	B	A	73
	275/50 R 20	C	B-A	73-72
	285/45 R 21	C	B	73
Winter tyres	285/40 R 22	C	A	75
	265/55 R 19	B	B	73
	265/50 R 20	C	B	73
	285/45 R 21	C	C-B	75-73

It is not possible to order a specific tyre. Ask your Audi partner about the range of tyres available in your country.

Important note

Special information about the wheels: Wheels with gloss turned and gloss milled finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

Equipment for the Audi Q8 illustrated (p. 2-35)
 Paint finish: Dragon orange, metallic
 Wheels: forged aluminium wheels in 5-twin-arm design, contrasting grey, partly polished²
 Seats/seat upholstery: customised contour seats, front, in Valcona leather, sard brown
 Inlays: flamed eucalyptus, natural basalt grey

The figures for fuel consumption and CO₂ emissions can be found on page 58. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.
¹ Technical specifications refer to a basic vehicle without country-specific features and the selected optional equipment.
² Please note the special information relating to wheels on this page.
