

The Audi RS4 Avant

A man with dark, wavy hair and a light beard is shown from the waist up, looking off to the left. He is wearing a light blue dress shirt and a brown blazer, and is in the process of buttoning the blazer. He stands next to a light-colored car, with a modern building featuring vertical stone panels in the background. The scene is brightly lit, suggesting a sunny day.

Introducing the Audi RS4 Avant

 450hp

 600Nm

 0 to 100km/h
in 4.1s

The distinctive RS front end with Singleframe and honeycomb grille as well as the RS-specific front section with attachments, convey the muscular look of the Audi RS 4 Avant.

At the rear, the RS-specific bumper and striking rear diffuser defines the sporty impression. The wheel design and the widened wheel arches add exhilarating accents

The top speed has been increased to 280km/h with the RS dynamic package, while the quattro permanent all-wheel drive with sports differential ensures superb traction and agile handling, no matter how fast you go.

The Audi RS 4 Avant comes with plenty of storage space as standard. Thanks to the rear seat system, the seats can be split folded 40: 20: 40. For easy loading, the luggage compartment lid can be opened with a food gesture in conjunction with the convenience key and sensor control.

The image shows the front interior of a car, focusing on the driver's side. The seats are black leather with a prominent red honeycomb stitching pattern on the seatbacks and seat cushions. The driver's seat is a flat-bottomed sports contour. The steering wheel is a three-spoke design with a suede-like texture and red stitching. The center console and gear shift area are also visible, featuring red accents. The overall aesthetic is sporty and high-performance.

**Progressive interior for
the progressive family**

In the interior, the flat-bottomed sports contour leather steering wheel in 3-spoke design adds to the sporty character, along with the sports seats plus

Audi virtual cockpit in the front. As a customizable digital instrument cluster, the Audi virtual cockpit presents key information right in your field of vision on a stunning 12.3" HD display. Including a sports mode.

Projected conveniently in your field of vision, the heads-up display on the Audi RS 4 Avant.

S for safety
