# Audi Instalment Sale with a Balloon

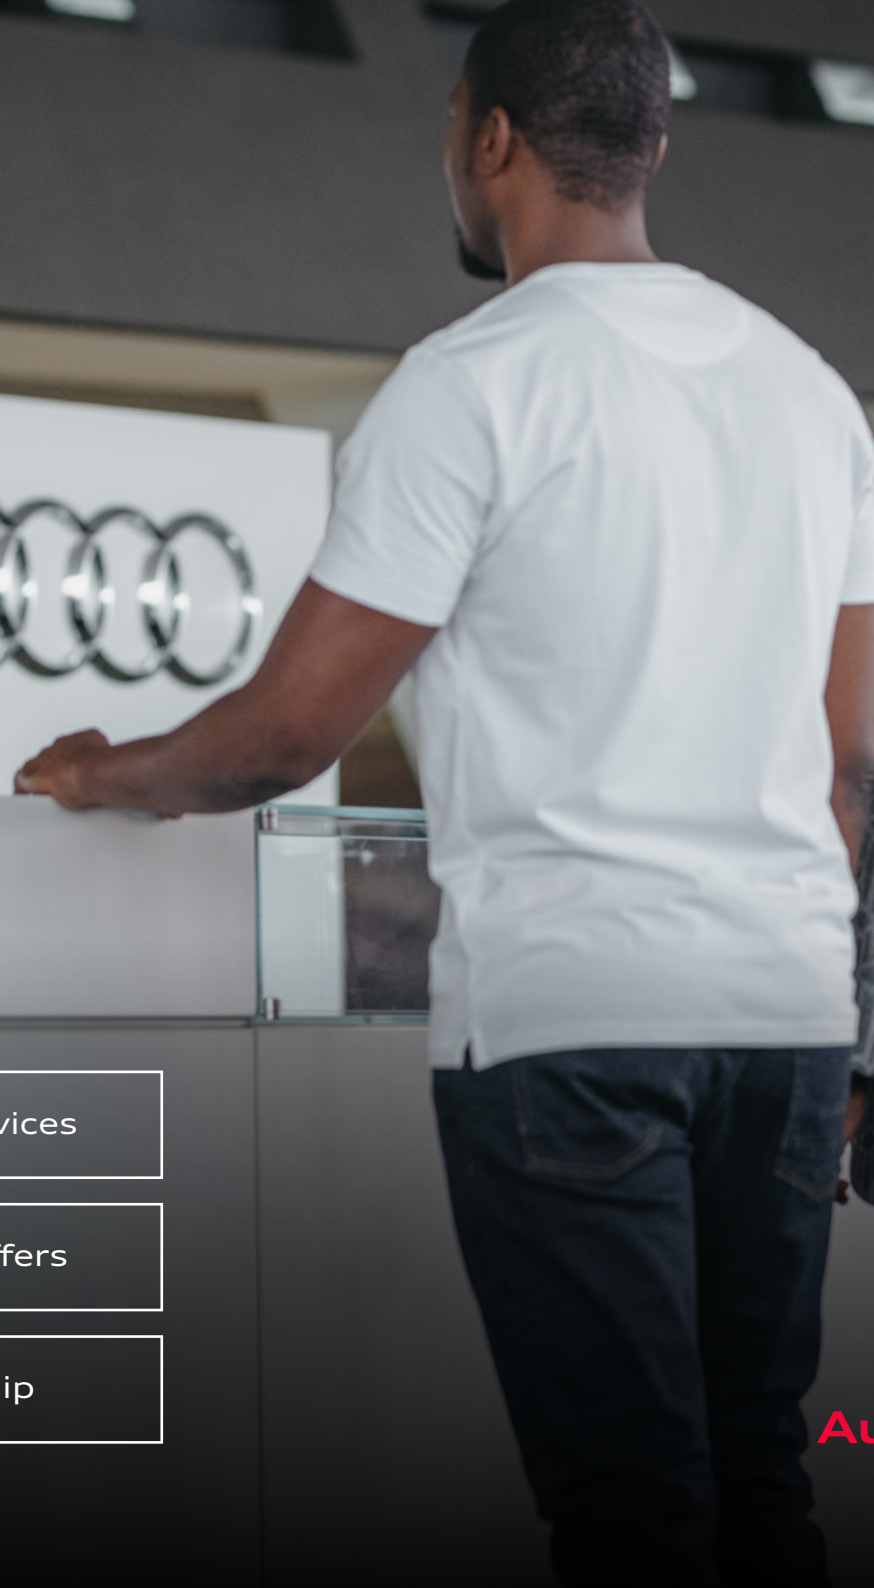

Finance your Audi the affordable way

Audi Instalment Sale with a Balloon payment is an easy way to finance your Audi while ensuring it suits your lifestyle needs.

- ▶ A balloon payment is an amount deferred to the end of the contract in order to reduce your monthly instalments.
- ▶ The balloon amount is linked to a projected estimate value, which is influenced by both your credit agreement and by the market value on your Audi.
- ▶ You are then liable for the full balloon value in the final month of your contract.
