The Audi RS 7

The mighty RS7 Sportback is a wide-bodied, high performance four-door coupe. The stunning futuristic design is backed by exhilarating performance, complementary of the 4.0 V8 TFSi engine and 8 speed tiptronic gearbox.

This pricelist will make it easy for you to build your RS 7, taking you through all the model and option choices. The online configurator is also available to build your dream car.

Standard Equipment | RS 7

Wheels:

- ▶ Light alloy wheels, 5-V-sp. trapezoid. style, Matte Titanium Gray, diamond-turned, 10.5J x 22, 285/30 R22 tires
- ▶ Anti-theft wheel bolts & loose wheel warning
- ▶ Tyre mobility system
- ▶ Tyre pressure monitoring system

Exterior equipment:

- ▶ Black styling package*
- ▶ Exterior mirror housings in black*
- ▶ Exterior mirrors, power-adjustable, heated and power-folding, auto-dimming on both sides, with memory feature
- ▶ Panoramic glass sunroof
- ▶ RS bumpers in body colour (full paint finish)
- ▶ RS exterior parts in glossy black
- ▶ Electric rear spoiler
- ▶ RS scuff plates

Interior equipment:

- ▶ Rear view camera system
- ▶ 4-way lumbar support for the front seats
- ▶ 4-zone climate control system
- ▶ Ambient lighting package plus
- ▶ Auto-dimming interior rearview mirror, frameless
- ▶ Comfort centre armrest in front
- ▶ Comfort key with sensor-controlled luggage compartment release with SAFELOCK
- ▶ Decorative inserts "Aluminum Race", Anthracite
- ▶ Driver and front passenger airbag with front passenger airbag deactivation
- ▶ Luggage compartment lid, electrically opening and closing
- ▶ Electric steering wheel adjustment
- ▶ Fuel tank with increased volume
- ▶ Gloss black operating buttons with haptic feedback and aluminium look interior
- ▶ Headliner in black fabric
- ▶ ISOFIX child seat anchors and top tether for the rear seat
- ▶ ISOFIX child seat anchors for front passenger seat

Interior equipment: cont..

- ▶ Leather-wrapped flat bottomed steering wheel, 3-spoke, with multi-function Plus and steering wheel heating
- ▶ Pedals and footrest in stainless steel
- ▶ Perforated Valcona Leather package with honeycomb stitching
- ▶ Power front seats with memory feature for driver
- ▶ Folding rear bench seat (rear seats: 2+1-seater)
- ▶ Seat heaters in front
- ▶ Seat ventilation in front
- ▶ Sports seats Plus in front
- ▶ Upper and lower interior elements in leatherette

Lighting:

- ▶ HD Matrix LED headlamps with Audi laser light, dynamic light design and dynamic turn signal
- ▶ LED rear combination lamps with dynamic light design and dynamic turn signal

Standard Equipment | RS 7 continued...

Performance, suspension & assistance systems:

- ▶ 48-V electric system and active battery cooling
- ▶ RS adaptive air suspension
- ▶ Cruise control system with speed limiter
- ▶ Audi pre sense basic
- ▶ Parking aid Plus
- ▶ Quattro (with self-locking centre differential)
- ▶ RS sports exhaust system
- ▶ RS steel brakes in front & rear with gloss red brake calipers

Audio & communication:

- ▶ Audi connect Emergency Call & Service with Audi connect Remote & Control
- ▶ Audi connect Navigation & Infotainment
- ▶ Audi music interface in the rear seat area
- ▶ Audi phone box
- ▶ Audi smartphone interface
- ▶ Audi virtual cockpit with RS layout
- ▶ Bang & Olufsen premium sound system with 3D sound

Engine and Pricing | RS 7

Engine	Fuel type	Transmission	Power output (kW)	Torque (Nm)	Fuel consumption (l/100 km)			CO ₂ emissions (g/km)	0 – 100 km/h (sec)	Top speed (km/h)	RRP*
					Urban	Extra urban	Combined				
RS 7 TFSI quattro	Petrol	tiptronic	441	800	16.8	9.6	12.2	285	3.6	250	R 2,366,400

Fuel consumption and CO₂ data applies to the German Market. The specified values are determined in accordance with certain test procedures. The specifications do not refer to an individual vehicle but serve only as a basis for comparing the different types of vehicles. In addition, the consumption figures achieved during normal driving may differ from the test values, depending in particular on special equipment fitted, vehicle loading, personal driving style, road and traffic conditions, environmental factors and conditions of the car.

* RRP is inclusive of VAT, CO₂ emissions tax and an optional 5 year/100,000km Audi Freeway Plan

Infotainment and assistance systems:		RS 7
8RF	<p>Bang & Olufsen Advanced Sound System with 3D sound</p> <p>Sound playback via 23 loudspeakers including 3D sound at the front and rear with a total output of 1,920 watts; Loudspeakers, centre speakers and subwoofers each with their own separate power amplifier and exclusive loudspeaker covers made of aluminum and high-quality neodymium magnets; Centre speaker as well as two automatically extending acoustic lenses on the instrument panel for extremely detailed acoustic presentation at every seat; dynamic driving noise compensation; 23-channel BeoCore amplifier; spatial sound reproduction through the 3D sound feature in the front and rear: This is generated by additional broadband loudspeakers in the A-pillar and in the rear roof liner, by the mid-range speakers and by the new Fraunhofer Symphoria technology.</p>	R96,610
PCV	<p>Park Assist package with park assist plus</p> <p>The package contains assistance systems that can make parking and maneuvering more convenient through surrounding cameras. Four wide-angled surrounding cameras cover the entire area immediately around the vehicle and enable a variety of different views for even more comfortable maneuvering. The views can be controlled via the upper MMI display.</p> <p>The parking assistant plus which is activated via the P button in the center console enables parking in and out of parking spaces. The vehicle takes over steering, acceleration, braking and switching off the engine.</p>	R22,000
KS1	<p>Head-up display</p> <p>Projects driving-relevant information directly into the driver's field of vision.</p>	R24,400

Optional extras | RS 7

Infotainment and assistance systems:	RS 7
<p>Tour assistance package Consists of a number of assistive aids to help make longer journeys more convenient and safer.</p> <p>Adaptive driving assistant: is a combination of adaptive speed assistant and lane guidance assistant supports the driver in accelerating, braking, maintaining speed and distance, and in lane guidance recognising lane markings, side structures, vehicles in adjacent lanes and several vehicles in front within the framework of system limits. (speed range from 0 to a max of 250 km / h and in traffic jams).</p> <p>Adaptive speed assistant: supports the driver by maintaining the set speed and the distance to the vehicle in front within the system limits, the system can brake or accelerate the vehicle within the system limits. Speed limiter: helps not to exceed a previously set maximum speed in manual driving mode. Function is available from approx. 30 km/ h.</p> <p>Efficiency assistant: supports the driver in anticipatory and therefore fuel-efficient driving and also controls engine overrun and coasting phases in a targeted manner and thus promotes a fuel-saving driving style of the adaptive cruise assistant and the cruise control system.</p> <p>Turning assistant: can prevent the vehicle from colliding with an oncoming vehicle when turning left or when driving slowly up to a speed of 10 km / h. As soon as the driver sets the indicator, the turning assistant monitors the oncoming lane using data from the radar sensor and the front camera. The braking action has the effect that the vehicle is kept in its own lane. The driver is informed of the intervention by a display in the instrument cluster.</p> <p>Evasive assistant: avoidance assistant helps the driver to steer the vehicle around an obstacle in a critical situation. Available in the speed range between approx. 30 and 150 km / h and requires that the driver actively steers during the entire maneuver.</p> <p>Camera-based traffic sign recognition: supports the driver in that traffic signs recognized within the system limits, such as speed limits, are displayed in the instrument cluster. The system includes camera-based recognition and display of no-overtaking bans and speed limits, including temporary speed limits.</p> <p>High beam assistant: automatically detects headlights of oncoming traffic, taillights from other road users and light sources from built-up areas within the framework of the system limits. The high beam is switched on or off automatically depending on the traffic situation improving the driver's view and increases comfort.</p>	<p>R41,700</p>

Optional extras | RS 7

Infotainment and assistance systems:		RS 7
PCH	<p>Lane change warning incl. Audi pre sense rear, exit warning system and rear cross traffic assist, includes the following:</p> <p>Lane change warning: supports the driver in monitoring the blind spot and the traffic situation behind the vehicle.</p> <p>Exit warning: warns of a possible collision with detected traffic approaching from behind when the door is opened while the vehicle is stationary.</p> <p>Cross traffic assistant at the rear: can warn of a possible collision with approaching cross traffic when reversing up to 10 km / h.</p> <p>Audi pre sense rear: uses the data from the radar sensors in the rear of the vehicle and calculates the probability of a rear-end collision with the vehicle behind, within the system limits.</p>	R20,100
9R1	<p>Night vision assistant</p> <p>The night vision assistant improves difficult visibility in the dark through electronic visualization of the area around the road. It improves difficult visibility in the dark through electronic visualization of the area around the road. The system supports the driver when driving at night by displaying a thermal image of the surroundings. Recognized people and larger wild animals are highlighted in yellow in the driver information system.</p>	R 38,930
6K8	<p>Audi pre sense front</p> <p>Audi pre sense front warns of collisions and reduces speed in an emergency. It uses the data from the front camera and calculates the likelihood of a rear-end collision; can warn of impending collisions within the system limits, depending on the situation and speed, and initiate appropriate braking. The system is active from approx. 5 km/h. Pedestrians and cyclists can be detected in a speed range of up to approx. 85 km/h and vehicles in a speed range of up to 250 km/h. If an impending front-end collision is detected, the system warns the driver optically, acoustically and haptically in a multi-stage concept. If necessary, braking assistance or full deceleration can be initiated in order to reduce the speed or avoid a collision under certain circumstances.</p>	R 7,000
4X9	<p>Audi pre sense rear package</p> <p>The safety package includes a selection of functions that increase safety and comfort for rear seat passengers. Side airbags in the rear as a supplement to the front side airbags and the head airbag system offer additional protection. The reversible seat belt tensioners at the rear complement the reversible seat belt tensioners at the front included in Audi pre sense basic. In the event of emergency braking and in extreme dynamic driving situations, preventive tightening of the seat belts is initiated in addition to the measures contained in Audi pre sense basic in order to reduce the shifting of the occupants in the rear.</p>	R 16,100

Important information

Welcome to Audi

Audi Freeway Plan | Motoring Peace of Mind

There can be no better motoring peace of mind than knowing that your car will be serviced, maintained and repaired, should this prove necessary, at no cost to you. Thanks to Audi Freeway Plan, that peace of mind could be yours.

The Audi Freeway Plan absorbs all maintenance and service costs, with the exception of between-service top-up fluids, fuel, cracked or broken glass, and tyres.

Recommended retail pricing is inclusive of an optional 5 year/100,000 km Audi Freeway Plan on all new Audi vehicles.

Top-up options to extend maintenance are available at extremely competitive rates. Audi has specially designed the Audi Freeway Plan for easy operation on the part of the owner. Making an appointment with any one of our approved Audi Servicing Dealers can effect regular servicing and maintenance as well as repairs (with the exception of accident damage).

All work is handled by the relevant service department, which will liaise directly with the Audi Freeway Plan Maintenance Unit. No extra effort or payment is required from the Audi owner. The Audi Freeway Plan is registered with the vehicle and as such is transferable to the new owner should the car be sold before the Audi Freeway Plan has expired, giving added resale value. The Audi Freeway Plan is available in addition to Audi's standard one-year/unlimited distance vehicle warranty. The Audi Freeway Plan is subject to certain exclusions, covers any repairs necessary after the expiry of the standard warranty.

Audi Assist | Emergency and Personal Assistance

Audi Assist is a programme whereby Audi of South Africa and its Dealer Network pledge to provide you with peace of mind motoring by providing the infrastructure to support a countrywide emergency service 24 hours a day, every day.

The programme is known as Audi Assist and operates within the borders of South Africa as well as Namibia and Botswana. The objective of the programme is to ensure on the spot roadside assistance offered by a fully equipped and trained Audi technician.

The primary focus is to get you mobile in your own vehicle. Where a roadside repair cannot be effected and the vehicle needs to be towed to the nearest Audi dealer, you and the occupants of the vehicle will be transported to a place of safety in the dealer's roadside assistance vehicle.

Contact details within South Africa:
086 043 4838

Contact details for neighbouring states:
